Armand Riou
Company Head & Founder

Florian Cosmao
Managing Director

1998 Set up of aireservices in Quimper

2001 First services terminal equipped with credit card payment system.

2003 First installation of a services terminal fully made of 316 L stainless steel with banking electronic payment system. Implementation of an access control system.

2004 Enlargement of our products range with above-ground, retractable or recessed electricity & water distribution terminals for market squares.

2009 Transfer of the head office to Concarneau and set up of the industrial manufacturing unit.

2013 Extension of our Concarneau manufacturing unit.

2017 Installation of a car park and a motorhome park with exit payment solution (Jetty of the Arcouest in Ploubazlanec (1000 vehicles/day)

2021 Opening of offices in Paris, Montpellier, Barcelona et Lisboa.

From the beginning we have chosen to use **stainless steel 316L** to manufacture our equipments.

Our equipments are **95 % recyclable**. Our manufacturing wastes are recycled.

We favorise **short supply chain** as our manufacturing is **local** and **french**.

Implementation of the **CSR policy**.

ENVIRONMENT

SUSTAINABLE DEVELOPMENT

4 good reasons to trust AireServices ?

We have our own team of engineers and technicians on site

Roadworks and utility networks
CAD
Communication networks
IT
Electronic
Electricity
Banking systems

SERVICES AREAS MOTORHOMES

Armand Riou
Founder

As I am an Engineer in Public Works, i decided to create Aireservices company in 1998 and to get Engineeres and Technicians around me to design and operate your car parks, services areas for motorhones, markets squares and public spaces.

Our teams are at your disposal to :

- Design** ➤ Administrative and technical survey
- Manufacture** ➤ Preliminary project in your steps
- Installation** ➤ Global installation of your facilities
